Submitted manuscripts should be the original works of the author(s). Please ensure that the manuscript is submitted using the Biodiversitas template, which can be found at https://biodiversitas.mipa.uns.ac.id/D/διαβασμός). The manuscript should be accompanied by a cover letter containing the article title, the first name and last name of all the authors, a paragraph describing the claimed novelty of the findings versus current knowledge. Please also provide a list of five potential reviewers in your cover letter. Submission of a manuscript implies that the submitted work has not been published before (except as part of a thesis or report, or abstract); and is not being considered for publication elsewhere. When a manuscript written by a group, all authors should read and approve the final version of the submitted manuscript and its revision; and agree the submission.
